

NEXUS DEGREE SUPPLY CHAIN MANAGEMENT IN FINANCIAL TECHNOLOGY

School of Business & Professional Studies

The Nexus degree in Supply Chain Management in Financial Technology introduces students to the key concepts for a career in financial technology with an emphasis on application to supply chain issues. While open to new students, this degree is geared toward those with industry experience, as the requirements include 6 credit hours of apprenticeship.

The FinTech classes themselves (FTA prefix) have no pre-requisites, are offered online through a collaboration with USG's eCore program and are taught by professors at Georgia State University. This pathway will allow students to transfer to other IT (Information Technology) and FinTech programs across the University System of Georgia. Students in this program may also choose to continue their education with GHC's Bachelors of Business Administration (BBA) degrees. May be completed fully online.

To qualify for graduation, students must meet all graduation requirements (<http://catalog.highlands.edu/academic-information/#graduationrequirements>).
