ENTREPRENEURSHIP PATHWAY, A.S.

School of Business & Professional Studies

The Associate of Science degree in Entrepreneurship introduces students to the key concepts in the field of business while concentrating on those who wish to start their own firm. An entrepreneurship degree teaches students to identify and fix issues commonly arising in business, and there are many ways to utilize the skills developed by this program.

These include developing a business plan, learning key marketing concepts, and gaining confidence in presenting their own ideas. Students also can participate in a mentorship program. Students in this program may also choose to continue their education with GHC's Bachelors of Business Administration (BBA) degrees. May be completed fully online.

To qualify for graduation, students must meet all graduation requirements (http://catalog.highlands.edu/academic-information/#graduationrequirements).

Cod	ode Title		Hours	Completed
A. E	ssential Skills			
ENGL 1101		English Composition I	3	
		English Composition II	3	
Select one of the following or a mathematics course for which one of the following is a prerequisite:			3	
Ν	MATH 1001	Quantitative Reasoning		
N	MATH 1111	College Algebra (Strongly Recommended)		
Ν	MATH 1113	Precalculus		
B. In	nstitutional Op			
Sele	ect one of the f	following:	2-3	
В	SUSA 2105	Communicating in Business, Tec (Strongly Recommended)		
С	OMM 1100	Human Communication		
С	OMM 1110	Public Speaking		
Select one of the following:			2
