

# SPORT MANAGEMENT PATHWAY, A.S.

School of Health Sciences

The Associate of Science degree in Sport Management introduces students to the essential principles and practices of managing sports organizations and events. This program provides a comprehensive foundation for careers in sports management, including positions in professional sports teams, collegiate athletics, sports marketing agencies, event management companies, and sports facilities. Students will develop skills in areas such as sports marketing, financial management, facility operations, event planning, and athlete management. The degree program also serves as a pathway for further education in Sport Management or related fields, enabling students to pursue advanced career opportunities. Online completion is available.

To qualify for graduation, students must meet all graduation requirements (<http://catalog.highlands.edu/academic-information/#graduationrequirements>).
